RESIDENT SURVEY FEEDBACK

“Norman is awesome! We recently had an issue with our oven. After I submitted a work order for the issue Norman quickly actioned the work order. He conducted a thorough investigation of the oven and determined that we should have a new oven installed. Norman was able to voice his concerns to his supervisor and was able to convince his supervisor that the best course of action would be to completely replace our oven with a new unit. That was the best and safest option and my wife and I could not be more pleased! Norman has always been extremely cordial, respectful, and knowledgeable on any work order that he has responded to for my home’s needs! Great job, Norman, and I am pleased to have you as one of our maintenance men for the Fort Sam Houston housing community!”
